PHILIPPINE MATHEMATICAL OLYMPIAD

Brought to you by

In partnership with

Dear Sir/Ma'am,

The Mathematical Society of the Philippines (MSP) invites your school to send your best students to participate in the **21st Philippine Mathematical Olympiad (PMO)** – the country's oldest and most prestigious nationwide math competition among secondary school students.

The 21st PMO is designed to select the country's best students in mathematical problem-solving. It is mainly among individual students and is to be done through three levels of competition: (1) Qualifying Stage, (2) Area Stage (Luzon, Visayas, Mindanao, and NCR) , and (3) National Stage.

To join this year's PMO, all participants from NCR are required to fill out the online registration form on or before **September 28, 2018**. The link to the online registration form is https://goo.gl/1kkj8p. Participants must also accomplish and submit the attached application form on the day of the competition (**October 20, 2018**). A registration fee of **150 PHP** will be charged upon the submission of the accomplished application form.

The qualifying stage of the 21st PMO will be on **October 20, 2018** at 12NN. The assigned testing center for NCR is the **Institute of Mathematics, University of the Philippines, Diliman**. However, if you prefer to take the first stage in a different testing center, please inform your regional coordinator and the coordinator of the testing center where you intend to take it, not later than September 28, 2018.

For more information, please see attached brochure or visit our website: pmo.ph

For further inquiries, you may reach us thru +639063323658 or 21stpmoncr@gmail.com. Thank you very much.

Respectfully yours,

Ma. Nerissa Masangkay-Abara, Ph.D.
Director, PMO

Emmanuel A. Cabral, Ph.D.
President, MSP
